As you know, risky behavior among today's teens is more dangerous and life threatening than ever before. While parents should be the primary educators of their child concerning these decisions, many youth are seeking advice from their friends. Most students are not getting the education they need concerning healthy behavior and many parents are uncertain how to share this vital information with their child.

Your child's school will be providing this valuable education to your child through a program called "Choosing the Best Life." Reality Check, Inc. has been invited to teach your child how to stay physically and emotionally healthy through a Ten day program that will cover the following information: Emotions and Self-Respect, Alcohol and Respect, STDs and Honesty, Pregnancy and Responsibility, HIV and Compassion, Love and Healthy Choices, Limits and Self-Discipline, Saying "NO" and Courage.

We will be hosting a parent night and encourage you to attend
